GURAL THEATRE SPECIFICATIONS

*** All measurements based off of architectural drawings. These will be verified onsite over time. ***

ROOM DIMENSIONS

- 33'-8" depth (booth to dressing room) x 34' wide along dressing room wall (35' along booth wall).
- Stage size varies depending on seating configuration. There are seven approved seating configurations.

STAGE FLOOR

- Masonite over three layers of plywood, painted black.

GRID STRUCTURE

- Dead hung pipe grid at 13'-8 1/2" with pipe spaced at 5' on center.

UNISTRUT

- Unistrut is mounted vertically in the perimeter walls at various spacings (typically 4' on center).

BOOTH

- Booth is equipped with windows overlooking the theatre and lobby with half the panes able to be opened
- Wall-mounted TV monitor located in booth for use as a stage monitor, Decimator DMON-QUAD installed for multiview
- Lockable safe for valuables is located in the booth.
- Booth layout cannot be rearranged without approval by A.R.T./New York staff.

LOBBY

- The lobby is outfitted with a small pipe grid with pipe spaced at 7'-4" north to south and 6'-11" east to west.
- (3) L21-20 outlets are located at grid height in the lobby to power S-21 dimmer sticks. Please see drawing for exact locations.
- There is a cable pass-thru from the booth to the lobby at grid height.

PLANS AVAILABLE

- Ground plans, sections, grid plans in VWX, DWG, and PDF format.
- We recommend that you do your own site survey.

DRESSING ROOMS

There are two ADA-compliant dressing rooms accommodating up to 3-4 people each. Each is equipped with a table and counter space, chairs, mirrors, one wardrobe rack, one Equity cot, and audio stage monitors. The dressing rooms have shared access to a toilet room with sink and shower. The dressing rooms open directly to stage and can serve as a crossover from one side of the stage to the other. A call board, mini fridge and a small microwave are available backstage. All coffee/tea supplies, disposable dishes, and other perishables must be furnished by the company.

LAUNDRY

A shared laundry area is located in the Mezzanine Theatre. The laundry area is equipped with two washers & dryers, one iron and ironing board, and one steamer. All equipment is shared with both theatres, and laundry schedules must be coordinated with A.R.T./New York. The company must provide all laundry detergent, hangers, costume maintenance equipment and materials needed for the production. These items shall be clearly labeled and kept on a designated shelf.
